Eagles Grab District Playoff Spot

DROP OLTON HANDILY, 41-13

Canyon High School's Eagles flew into a cinch bi-district playoff Friday night by clawing the Olton Mustangs 41-13 in a thriller that saw the Eagles rack up 287 yards on offense to 105 for Olton.

The game was the fourth of the season for the Eagles to hold their opponents to less than 100 yards on the ground—Olton had 52. The Mustangs added 53 more yards with five completed passes. The yardage breakdown for Canyon was 236 on the ground and 51 through the air.

Harlie Adams and Don Britain kept their one-two spots in the scoring column by making three touchdowns each. Adams now has 18 touchdowns this season and Britain has 15 touchdowns and 11 extra points.

Adams was the bright star in the Eagle offense. In 27 carries with the ball, he made 152 yards. Britain, out of play for more than a quarter during the second half, racked up a total of 49 yards in 11 tries. In addition, Britain caught one pass for 21 yards and a touchdown and Adams caught one for 30 yards.

Capitalizing on a fumble by Mustang Dan Wallace on the first scrimmage play of the game, the Eagles drove to the first score in five plays.

Canyon kicked off to the four yard line and Teddy Jack Estes ran back to the 36. Wallace lost five yards when he was tackled on the 31 and lost the ball. Richard Burgess recovered for Canyon.

Adams took the ball to the 16 for a first down on the first play, then made two and four yards on the next two plays. Charles Neblett was trapped behind the line of scrimmage and lost 11 yards.

On the next play, Britain scooted the 21 yards into the end zone and was waiting there when Neblett threw to him. The touchdown came when only two minutes and two seconds had been played in the game.

Neblett's extra-point kick made the score 7-0.

Canyon kicked off to the six and Estes was stopped on the 29. He ran five yards to the 34, then one to the 35. Wallace picked up a first down on the 41, then James Ray Hyatt threw a long pass.

The floater was intercepted by Neblett on the Canyon 30 and he ran it back five yards before being downed on the 35. Neblett took the first play for 21 yards, but it was called back for a holding penalty against Canyon that put the ball back to the 20.

He carried again, but it was called back for an offsides penalty that put the ball on the 15. Adams picked up six yards, then Britain ran for 40, but Britain's run was called back for another offsides

(Continued on Page 3, Section 1)

Following the 41-13 success over Olton Friday night, the Canyon High School football team carried coaches Forrest Faver and Guy Harrison off the field. The team cinched the right to represent District 1-AA in a bi-district game.

Season Closer Set In Dalhart Friday

Keeping up his policy of playing only one game at a time, Canyon High Coach Guy Harrison has his charges working toward the regular season closer with Dalhart Friday night although his team won the right to play in the bi-district game with the winner of District 2-AA.

The Eagles will go into the Dalhart game there without the services of Richard Burgess. Burgess suffered a dislocated shoulder during the Olton game, but it was set into place before the game was over and Burgess watched the last 1½ quarters from the bench.

Dalhart has a well-coached, well-drilled team, Coach Harrison said. They have been strong on the ground this year, and the team has good tackling. Dalhart runs off the same sort of T-formation that most schools in this area use.

This year Dalhart has won three games, lost five and tied one.

(Con't. on Back Page Section 1)

'Mister Angel' Starts Thursday Night at Branding Iron Theatre

William A. Moore, director of dramatics at West Texas State College, couldn't have picked a more apt play for his fall major production, when he chose "Mister Angel."

The comedy features an angel who takes the earthly form of a cowboy, and the emphasis on the WT campus during the production's run is on western attire. Concurrently with the opening of the show Wednesday night, WT students and faculty will don cowman's clothes to begin observance of "Western Week" days preceding Homecoming.

Moore's "intimate theatre" version of the Harry Segall play will be presented Wednesday, Thursday and Friday at 8:15 p. m. in the Branding Iron Theatre. Admission is 75 cents for adults and 50 cents for high school students and children.

(Con't. on Back Page, Section 1)

Forbus Services Conducted Monday

Funeral services for George Robert Forbus of Happy were conducted Monday afternoon in Warren-LaGrone Funeral Chapel by the Rev. C. B. Hogue, pastor of the Happy Baptist Church, assisted by the Rev. Elmer Crabtree.

Pallbearers were Jack Driskill, Foster Harman, Speck Aikman, Willard Middleton, Herschel Magness, Bob Loudder, Ross Forsyth and Fender Stubblefield. Burial was in the Happy Cemetery.

Mr. Forbus, 75, died Sunday morning at his home in Happy. He was a farmer. Born April 3, 1881, in Benton, Ark., Mr. Forbus had lived in Happy since 1928.

Survivors include his wife, Mrs. Jo Ethel Forbus; two daughters, Mrs. Babe Walberg, Happy, and Mrs. Gill Whitman, Castle Rock, Colo.; two sons, Douglas Forbus, Corpus Christi, and Joed Forbus, Phillips; seven grandchildren and three great-grandchildren.

Annual Parade Saturday; Tickets Needed for Ex-Students Barbecue

Western Week days, noisy and boisterous prelude to the annual Homecoming celebration at West Texas State College gets underway Thursday with both "town and gown" supporting the return to the Old West. Western wear, at least three items, for both campus and Canyon citizens will be required for those who wish to escape a watery grave for the two days preceding Saturday, when thousands of ex-students of the college return for a day of visiting.

The Canyon Chamber of Commerce has urged all citizens of the town to don western garb. It has also been requested that business close Saturday afternoon during the West Texas-Texas Western football game.

Real kick-off for the student body will be the annual Homecoming Assembly Thursday at 10 a. m., when the hirsute set will compete in a beard-judging contest, a football queen will be crowned, and a gigantic pep rally is staged. First 15 minutes of the show will be televised throughout the region.

A bonfire and pep rally will be staged Friday night as members of the Class of 1931 begin observance of their silver anniversary reunion. An informal get-together for the group will be held at 7:30 p. m. at the home of Dr. and Mrs. R. P. Jarrett, and co-hostesses will be Mrs. Ed Weeks of Canyon and Mrs. A. W. Hawks of Amarillo.

Slate for Homecoming Day Saturday includes registration for exes in the Administration Building at 8 a. m., the usual parade through Canyon at 10:30 a. m., the famed WT barbecue at 12 noon, an ex-students meeting at 1:15 p. m., the football game between the Buffs and Texas Western at 2 p. m., club teas, parties and smokers at 4:30 p. m., and the Homecoming dance in the cafeteria at 8 p. m.

Chamber of Commerce Manager Roland Black has asked that all merchants who plan to enter floats in the parade contact him by Thursday night, if they have not already done so.

Class of '31 members will meet at 8 a. m. Saturday in Randall Hall ballroom for an hour of visiting, registration and coffee, with a program slated at 9:15. Approximately 50 members o fthe class are expected, and they will attend the barbecue and ballgame as a group.

Faculty and a number of Canyon's citizens will turn out Friday night to begin the all-night task of barbecuing some 15 beeves, making ready for the 5,000 to 6,000 people who annually attend the feast.

Tickets for the barbecue this year are being sold at 50 cents each for all who eat the meal. Exes may buy the tickets Saturday morning in the Administration Building, while registering, or along the line at noon.

Canyon citizens, along with WT students and faculty, are urged to buy their tickets for the barbecue before Saturday. They may be picked up at the department of public services at the college.

The parade will form before 10:30 a. m. around the library on the campus and the line of march will be west along Fourth Avenue to 16th Street, to Fifth Avenue, around the square and along 15th Street to Third Avenue. Dispersal points on Third Avenue will be between 19th and 22nd streets.

Cash prizes, given by the Canyon Chamber of Commerce, will be awarded to first and second place float winners in each of three divisions in the parade. The prizes will be $25 for first place and $15 for second.

The three divisions will be college, high school and clubs, and commercial and organizations.

An ex-letterman's march, honoring former WT athletes will be held in Buffalo Stadium preceding the football game.

Almost all WT clubs and organizations will have teas, parties, smokers and get-togethers for their former members beginning at 4:30 p. m. at various places on or near the campus.

The dance, opening at 8 p. m., in the cafeteria, will close the day's events. A band will be on hand to play, and the cafeteria will be decorated in a Homecoming theme.

4-H HONORS TOP MEMBERS

Charles Conatser and Alby Ann Keuhler were honored at the Randall County 4-H Achievement Day program Saturday in the VFW Hall.

Conatser was given a certificate by Leland Turner of Amarillo, Santa Fe Railway agriculture agent, for an educational trip to the National 4-H Congress in Chicago. The congress will last from Nov. 23 to Dec. 1, and Conatser will receive all his expenses for the trip.

Miss Keuhler, now a home-economics student at West Texas State, was honored as the state winner of a Farm Bureau scholarship.

Mrs. Al Hacker, a West Texas home economics graduate and 4-H Club member, told the 50 clubbers, sponsors and parents at the meeting of farming and living conditions in Germany.

Mrs. Hacker, at one time an International Farm Youth Exchange member, spent six months in Germany living on a farm. She showed colored slides of the European country.

Rites Conducted For W. E. Parker

Rites to the memory of Warren E. Parker were conducted Friday afternoon in Warren-LaGrone Fueral Chapel by the Rev. Lester Jones, vicar of All Saints Episcopal church.

Pallbearers were Hosea Foster, David B. Brown, Guy Ivey, B. L. Morgan, Joe Findley and Charles Graham. Burial was in Dreamland Cemetery.

Mr. Parker, 44, died Thursday morning in Veterans Hospital in Amarillo following a lengthy illness. The family home is at 307 21st. He was born April 15, 1912.

A veteran of World War II, Mr. Parker was a member of All Saints Episcopal Church and the Canyon Lions Club. He operated Pyramid Sales.

Survivors include his wife, Mrs. Mary Parker; a daughter, Rose Ellen Parker; two sons, Michael Morris and Dan Morris, both of Canyon; his mother, Mrs. Maude Golden, Warren, Ohio; one brother and four sisters.

City Continues Parking Plan Despite Protests

Preparation of the east end of Fourth Avenue for parallel parking continued Tuesday morning after a meeting Monday night in which business men and citizens expressed their disapproval of the city commission's decision to enforce the parking regulations.

The meeting was attended by 28 businessmen, citizens, Mayor Hosea Foster, Commissioners Bob Bellah and Paul Lindsey, C. W. Smith, district highway engineer, and W. V. York, resident highway engineer in Canyon.

The hassle over parallel parking was brought about last week by a city commission decision to enforce parallel parking on the state-maintained highways through Canyon. That type of parking is required by a "municipal maintenance" agreement between the city and the state highway commission. The city signed a new agreement last week.

State-maintained highways in Canyon are Highway 87 running north and south on 23rd Street and Highway 217, running west on Fourth Avenue from the east city limits to 11th Street, then north under the railroad to Highway 60. Up to the present time parallel parking on the highways, although required by the agreement then in force, has not been enforced in the 2300 and 2000 blocks on Fourth, and in the 400 and 500 blocks on 23rd Street.

Beginning the meeting, which was called at the request of several businessmen, Smith explained that the state highway commission adopted the policy of requiring parallel parking on highways in 1944, and also made it a matter of policy to add the requirement to agreements with cities gradually.

The reasons for requiring parallel parking are the safety factor and to facilitate the movement of through traffic, Smith said.

Bing Crosby asked Smith how far off a highway a car must be to be angle parked.

Smith answered the department requires that a car must be parked entirely off the public right of way in order to be angle parked on a highway. He emphasized that the public right of way includes all that area from property line to property line and not just the area used for moving traffic. He said the reasoning behind the requirement is the hazard of cars backing out of parking spaces back into a lane of moving traffic.

Ray Campbell asked Smith if the city takes over maintenance of Fourth Avenue, "will it affect relationships with the highway department?"

"If you mean would it make us mad at Canyon, I don't think so," Smith said. "It would mean that we would renig on our agreement. If the city requested to take over maintenance, the highway commission would have to approve it. This is a unique meeting. Uusually most cities want us to take over maintenance. We haven't had much experience in going backward on an agreement."

"It would solve the whole problem if the city takes over maintenance of Fourth and then enforce the regulations the city and the people want," Campbell said.

In answer to a question by Lindsey as to how much the highway department has spent the past year in maintaining Fourth, Smith said he didn't have actual figures at hand, but the department seal-coated the street in 1955, and patches holes all along as they come up.

H. V. Anderson asked why highway traffic on 217 could not be re-routed off Fourth Avenue onto the new highway facilities to be built in connection with the expressway. **Apparently his question was based on leaving Highway 217 on Fourth Avenue from the east city limits to the traffic light at 23rd Street, then re-routing on Highway 87.**

Smith said it might be done. "The department is not looking for more miles of highway to maintain. The only reason I can see against moving the highway in that fashion is that the present route gives access to an underpass (at 11th Street) they (the highway commission) wouldn't have built if it weren't a designated highway.

"If the city commission petitioned to take over the maintenance of Fourth, the department would probably drop maintenance and the designation, too. I think

(Con't. on Back Page, Section 1)

Services Today For Mrs. Harris

Final rites for Mrs. Hattie Sayles Harris will be held at 2:30 p. m. today in the First Presbyterian Church. The Rev. J. R. Sharp, retired pastor, and the Rev. T. Winston Wilbanks will officiate.

Pallbearers will be Embry Fenley, Ernest White, Hobart McManigal, Bob Francy, Arthur Miller and O. H. Rahlfs. Burial will be in the Happy Cemetery under direction of Warren-LaGrone Funeral Chapel.

Mrs. Harris, 75, died Tuesday morning at the home of her daughter, Mrs. A. A. Clark, at 2501 Seventh Avenue. She had been ill for the past three years.

Born Dec. 24, 1870, in Grayhill, she was the daughter of Gen. John Sayles. She was married to George Claibourn Harris in 1891 in Abilene.

Survivors, in addition to Mrs. Clark, include Mrs. Cecil Briggs, Canyon, Mrs. C. C. Sumner, Fort Worth, and Mrs. Joseph Ihnat, Espanola, N. M.; 14 grandchildren and 12 great-grandchildren.

Hold Thanksgiving Services November 28

Community-wide Thanksgiving services will be held at 7:30 p. m. Nov. 28 in the First Christian Church.

The services will be sponsored by the Ministerial Alliance of Canyon.

Program for P-TA

The Canyon High School Choir, directed by Ada V. Clark, will give the musical program for the P-TA meeting Thursday night in the Elementary School all-purpose room. The program will be a discussion of Canyon's juvenile problems by Sheriff L. S. Johnston, County Judge Roy Joe Stevens, Criminal District Attorney A. W. Lair, Chief of Police Ralph Pray and Dr. Joe Findley, psychology professor at West Texas State and juvenile consultant for the county.

W. B. Nance Dies Thursday at Home

Funeral services for Wiley B. Nance of the Lone Star Community near Lockney, father of Mrs. J. T. Harp of Canyon, were conducted Monday afternoon in the Lockney First Baptist Church by the Rev. Fox of Amarillo.

Mr. Nance, 63, died Thursday at his home. He had been a resident of the area for 50 years.

In addition to Mrs. Harp, survivors include his wife, two other daughters, five sons, three brothers, two sisters and eight grandchildren.

EDITORIAL

Views and Comments

If you drive no faster than the speed limit, 25 miles an hour, it will take you 57.3 seconds to drive from the east side of the square to the highway, but it takes only 48 seconds if you drive at 30 miles an hour.

What are you going to do with that extra 9.3 seconds? Wait for the traffic light to change?

★ ★ ★

In the general election last week, the country boxes in the county went for Stevenson and Kefauver, while the city boxes named Eisenhower and Nixon. The largest box in the county, No. 12 in Amarillo, showed the largest percentage for the Republican ticket, 77.8 per cent. The total vote in the county gave the Republicans 62.3 per cent.

The Jowell box went for Stevenson by two to one, 37-18; Ralph voted nearly four to one, 74-19; Fairview almost even, 20-17; Ladehoff about five to three, 44-26; Hollywood about four to three, 85-65; and Highland five to two, 31-12. Umbarger was the only small box that voted for the Republicans, 85 to 54.

Outside the Presidential slate, the largest non-Democratic vote in the county was in the race for agriculture commissioner. The Republican candidate polled 905 votes and Cotton John Smith got one write-in vote. In the governor's race, the Republican candidate got only 811 votes.

★ ★ ★

It was back in early July when the politicking got heavy that some candidate put up campaign posters. They were stuck in windows all over town and some tacked them on power and telephone poles. Since that time, the primary has gone by, the runoff has been run off and now, the winning Democratic candidates have actually been elected to the offices they sought.

But campaign posters are still with us. At one time there were posters for several candidates—but now I can find posters from only one candidate. If you'll drive around looking, you will discover that there are a lot of them.

Ted B. Springer is the new representative from the 94th Flotorial district, and it looks like his face will be with us for quite some time. It will be glaring down at us from dozens of poles.

Maybe Mr. Springer will be able to pass legislation that will make it legal for the posters to remain where they are.

★ ★ ★

Earlier in the fall, Wes Izzard urged everyone who could to take a swing through the mountains of eastern New Mexico to see the aspens with their golden leaves—and that's a beautiful sight.

For those who couldn't make the trip, there's similar beauty much closer to home. Cottonwood leaves are turning, and the hue they take on rivals the sheen of newly-coined gold. There are lots of cottonwood trees out in Palo Duro Canyon. There are plenty north of Amarillo on the Canadian River, but the greatest concentration of cottonwood trees in this section are along the Canadian River at Canadian.

★ ★ ★

Editor Ben Ezzell, of the *Canadian Record*, writes:

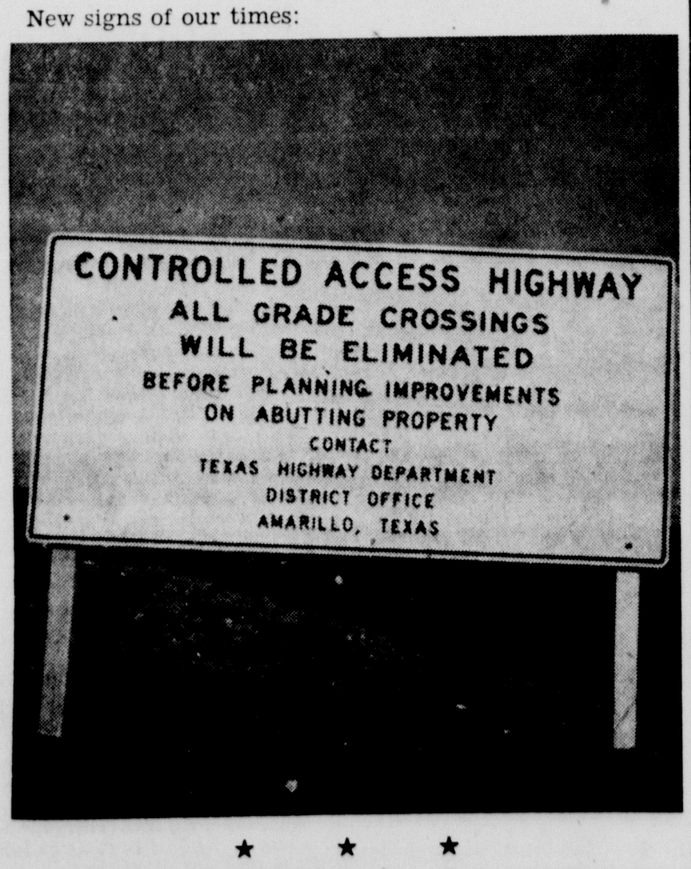

"Thousands of people in this country would drive many miles and spend many dollars for the sight of wild deer grazing in a meadow, or flocks of wild turkey at their feeding grounds, or bob white quail scurrying across the road. We in Canadian have all this, against a beautifully scenic background, within five minutes drive of our homes. We ought to appreciate it more.

"The cottonwoods along the river road are turning a gorgeous gold right now . . . as bright a gold as any aspen in the Rockies. Nature's wonderland is right at our back door . . . let's enjoy it ourselves, and tell our friends about it."

Canadian is only a couple of hours drive from Canyon, kind of in our back door, too.

Prospect: What happens after that?

Salesman: A little putty knife comes out and scrapes you off the windshied.

Ticklers — By George

"She complains about the food! Says she's gained weight since she started eating here."

I GIVE YOU TEXAS

By BOYCE HOUSE

As a gag, some of Will Rogers' friends launched a "campaign" for his nomination for president and celebrities were asked to endorse his candidacy—all in fun, of course. It is said, however, that one declined—the then heavyweight boxing champion.

The champion had been interviewed, from time to time, on literature and had been depicted as a highbrow. He replied to the request with the statement that he declined in view of Will's comment about him.

Some time before, the boxer had stated that he admired Shakespeare tremendously and that he had to read the plays three or four times to get the full meaning. Will's comment was that Shakespeare must not have been such a great writer if he couldn't make his meaning clearer than that—or else the champion must not be very bright to have to read something three or four times in order to understand it.

A single act can mar a life.

When I was police reporter in a large Southwestern city, one of the most popular officers took a spare-time job to supplement his income, this being during the depression. He worked as a special officer at a golf course where there had been some trouble from boys purloining golf balls.

One day, he saw two boys fleeing after one had picked up a ball. He called to them to halt and when they didn't, he drew his pistol and fired. He intended to shoot into the air, he said afterward, but the bullet struck one of the boys.

A dead lad, a grief-stricken family, a prison sentence for the slayer and a ruined career—a high price indeed to be exacted by a golf ball, worth perhaps a dollar.

Can you remember when an automobile manufacturer who was selling more cars than anybody else, said, "You can have an auto any color you wanted, provided it's black?" Now you can get one from moonlight gray to mink pink; two tones, if you like; maybe three tones. And probably soon, dappled; or maybe in squares like grandma's patchwork quilts. Times do change.

Smart, Modern Pickup
On the road, you want all the performance, comfort, style and economy of this modern pickup.

Which of these trucks will do the most for you?

Light-duty Four-Wheel-Drive Truck
For the rough, tough off-the-highway hauling jobs, you want a truck with extra traction, extra power.

You get both with this "double-duty" INTERNATIONAL 4x4!

The INTERNATIONAL light-duty Model S-120 four-wheel-drive, pictured above in *both* illustrations, is a *full-size* pickup, with a full-size body, full-size cab. It's no cumbersome midget, or ungainly monster, but a modern pickup with comfort and good looks your wife will approve.

Yet with both axles engaged, it has power-plus and sure-footed traction to pull its 7,000 lbs. GVW effortlessly up steep grades, through mud. It goes where roads *can't* go.

There's flexible *auxiliary* power, too. Power take-off gives extra power for most stationary or portable power jobs.

Why not come in today, and let us show you our wide choice of pickups, stakes, platforms. Convenient terms arranged through our Individualized Truck Payment Plan.

Eagles Claw Mustangs - -

(Continued from Page 1)

penalty against the Eagles. The ball was on the 16.

Britain picked up two yards then Adams made five, but A. L. Pruett was forced to kick on fourth down. He kicked to the Olton 43 and Estes carried back to the 45.

David Price lost one yard to the 44, but Estes made up for it by crossnig the mid-stripe to the Canyon 48. Wallace went to the 44 for a first down, Estes lost two, and Hyatt completed his first pass to Price on the 40.

Estes made another yard and Hyatt and Price switched on another pass play. Price threw to Hyatt this time for six yards and a first down on the 33. Wallace carried to the 32, Hyatt tried two passes and then connected with Wallace on a fourth-down try that picked up 24 yards to the Canyon eight and a first down.

Estes ran over from there for the first Mustang score. Jack Roye Straw's kick for extra point was not good. The touchdown, which came at the end of a 55-yard drive that took 12 plays, was made when the clock showed 1:56 left in the first quarter.

Taking the Olton kickoff on the 10, Adams ran back to the 37. He took the first play and ran to the 42 and Britain made it to the 45. Then Britain made a first down on the Olton 48. Adams made two to the 46 to end the first quarter. On the first play of the second quarter, Adams ran to the 41, but fumbled.

Estes recovered the ball for Olton on the Olton 41. Price picked up one yard, then Olton was penalized 15 yards for clipping, putting the ball on the 25. Straw made two yards, Hyatt attempted a pass, then kicked to the Canyon 49 on fourth down.

The ball rolled dead there, and Britain made 33 yards on the first scrimmage play, taking the ball to the Olton 18. Eddie Boydston picked up three yards, Britain four and Adams ran to the three for a first down.

Britain busted across the goal line for the second Eagle score when the clock showed 8:27 left before the half. Neblett's extra point made the score 14-6.

Estes ran the kickoff back from the 16 to the Olton 34. Wallace made nine yards to the 43, Price was stopped at the line of scrimmage and Estes made three for the first down on the 46. Straw lost five yards, then one of the thrilling plays of the game occurred. Hyatt threw a short pass to Alvin Wallace on the 50. Wallace gained control of the ball, then lost it on a fumble as he was tackled.

The ball rolled free and Adams recovered, smack on the mid-stripe. He made nine yards on the next play. Britain tried twice to pick up the extra yard for a first down, but was stopped both times at the line of scrimmage. Adams made six yards on fourth down for the first-and-ten.

Pruett lost seven yards, Neblett tried a pass, Britain was stopped at the line of scrimmage and Neblett threw an incompleted pass on fourth down.

An ineligible receiver was downfield on the fourth-down pass, and Olton got possession of the ball on the Canyon 43 instead of their own 42. Hyatt tried a pass, then fumbled, lost the ball and six yards. Hunter recovered for the Eagles.

Adams ran to the Olton 48, Neblett to the 46 and Britain lost four back to the 50. The Eagles were penalized back to their own 45 for too many timeouts and Pruett kicked to the 11.

There was no runback, but Olton was penalized to the one-yard line for clipping. On the first play, Price quick-kicked 47 yards to the Olton 48.

On a screen pass to the left, Neblett passed to Adams, who took the ball back to the 18.

The next play kept everyone guessing and hoping. Boydston took the ball around right end and was tackled on the 13. Before he hit the ground, Boydston flipped the ball back to Adams. After stumbling and almost losing his balance, Adams threaded his way through the defense and crossed the goal line for the third Eagle score.

Neblett's extra point made the score 21-6 when the clock showed only 18 seconds left before halftime.

There was only time for the kickoff after the last Canyon score.

Beginning the second half, the Eagles kicked off to the 20 and the ball was carried back to the 38. Estes lost one, Price picked up one and Estes went to the 42. Hyatt kicked to the 15 and George Snapp ran back to the 29.

Pruett made four yards, Boydston two and Neblett lost 12 to the 23. Pruett kicked to the Olton 40 and Estes ran back to the Olton 48. Wallace made no gain, Estes inched to the Canyon 48 and Hyatt threw an incompleted pass. Hyatt kicked to the eight and Snapp ran back to the 27.

A clipping penalty set the ball back on the seven. Boydston made it to the 10, Adams carried to the 16, then fumbled at the line of scrimmage. Olton recovered on the Canyon 16 and the second Olton score was set up.

Hyatt lost one, Wallace made four and Hyatt completed a pass to Straw on the five for a first down. Estes carried to the three and Hyatt went across the goal for the touchdown. On the extra-point try, Canyon was offsides and Hyatt made the one yard on the second try with a quarterback sneak. The score was 21-13 when the scoreboard clock showed 3:47 left in the third quarter.

On the kickoff, Adams took the ball on the Canyon 10, fumbled slightly, then ran to the center of the field where a wedge of Eagles was waiting. Moving with the wedge, Adams went near the center of the field, then broke out and raced to the goal line. The kickoff and 90-yard runback took 13 seconds and Neblett's extra point made the score 28-13.

Alvin Wallace took the next kickoff to the Olton 37 where it was put in play. Dan Wallace carried to the 42, Hyatt threw an incomplete pass, then completed one to the wrong team.

Pruett intercepted Hyatt's pass on the 43 and ran back to the 45. Olton was penalized 15 yards and the ball was set down on the 30. Adams made a first down on the 17. He carried again to the 12, Boydston went to the 10, Adams to the seven and then Adams carried to the end zone with only 26 seconds left in the quarter. Neblett's fifth extra-point try was good to make the score 35-13.

Olton took the kickoff to the 35, Hyatt tried two passes and Straw quick-kicked on third down to the Canyon 19.

Adams carried three times to the 26 and Pruett kicked to the Olton 31, but the kick was called back for a holding penalty against Olton and the Eagles had a first down on the 41. Adams made another on the Olton 49, Boydston carried to the 45 then to the 42 and Adams went to the 36 for another first down.

Canyon was penalized back to the 41 for offsides and Adams carried twice to the 33. Neblett made a first down on the 22. Pruett made five, Boydston made a first down on the 10 and Pruett went to the seven. Boydston carried to the five and Adams went to the one. Britain replaced Pruett in the lineup and took the ball across the goal line for his third touchdown. Neblett's extra-point kick went wide to the right, but the score was 41-13 with 3:12 left in the game.

Olton took the kickoff back to the 34 and Thurman Adams tried a pass. Price carried to the 35 then Canyon was penalized five yards for offsides. Price kicked to the 22.

Trying to stall out the clock, which showed 2:06 to play, Pruett held long huddles and slow counts. Ronald Crow lost one yard, Snapp picked up three to the 24 and the Eagles were penalized to the 19 for delaying the game. Pruett carried back to the 23, then Olton was penalized for being offsides. Pruett carried to the 31 and the ball went over on downs.

Olton took the ball and Price threw a pass, which was intercepted by Snapp, but it was nullified by a holding penalty against the Eagles. The ball was on the 16. As the clock stopped ticking, Price threw an incomplete pass that should have ended the game, but the Eagles were penalized to the six for unnecessary roughness. Price carried to the four to make the game officially over.

Statistics of the game were:

	C	O
First Downs	18	9
Rushing Yards	236	52
Passes Tried	4	16
Completed	2	5
Passing Yards	51	53
Intercepted by	2	0
Punts	3/114	6/228
Fumbles Lost	2	3
Penalties	12/106	5/60

The seven wonders of the modern world are the airplane, radium, antiseptics, antitoxins, X-ray, radio and the telephone.

An acorn was frequently used as a design on Colonial furniture because it was considered a symbol of hospitality.

Fairview Breezes

We have not had a killing frost up to date.

C. P. and Frank Rogers attended the sale in Tulia Friday.

C. R. Wesley visited with M. L. McGehee Wednesday night.

Charles Sutton was in Neblett Hospital Friday night and Saturday.

Mrs. Serena Bryan was called to Canyon Wednesday evening due to the serious illness of her sister, Mrs. Mahala Hodges. She stayed until Friday morning; her sister was greatly improved.

Mrs. R. A. Hodges of Canyon was a welcomed visitor to our H. D. Club meeting Friday afternoon in the Charles Wilson home. She gave an interesting talk on her trip to San Antonio to the state and national meeting. There were 11 members present and an interesting achievement was on display by the various members.

The Raford children are all sick with colds.

Those enjoying "88" in the G. E. Wesley home Friday evening were Mr. and Mrs. Frank Rogers, and Mr. and Mrs. J. W. Wesley.

Mr. and Mrs. J. W. Wesley went to Littlefield Sunday to visit with the Whitsons and E. E. Wesleys.

Arlen Wesley of Plainview had the misfortune of hurting his knee and had to have Dr. Earl.

M. C. Northam had a brain concussion and was in Lubbock hospital two days the past week. He plays football with the Red Raiders of Texas Tech.

We regret to report the passing of Mrs. Mahala Hodges, sister of Mrs. Serena Bryan and aunt of Harney and Leon Rogers. She passed away Sunday evening and was buried beside her husband in the cemetery at Happy. Our sympathies are with Serena, Tom, Harney and Orene.

DEFINITION OF AN EXPERT

An expert is a person who, away from his native habitat, passes as an exacting professional on the basis of being able to turn out, with prolific fortitude, infinite strings of incomprehensible formulae calculated with micromatic precision for vague assumptions which are based on debatable figures taken from inconclusive experiments carried out with instruments of problematical accuracy by persons of doubtful reliability and questionable mentality for the avowed purpose of annoying and confusing a hopelessly chimerical group of fanatics.

QUALITY YOU CAN MEASURE BY YOUR CAR'S PERFORMANCE

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: FRANK HINGLEY, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable 47th Judicial District Court of Randall County at the Courthouse thereof, in Canyon, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of December, A. D. 1956, to Plaintiff's Petition filed in said court, on the 18th day of October, A. D. 1956, in this cause, numbered 3218 on the docket of said court and styled BESSIE CANTRELL HINGLEY, Plaintiff, vs. FRANK HINGLEY, Defendant.

A brief statement of the nature of this suit is as follows, to-wit: a suit for annulment as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

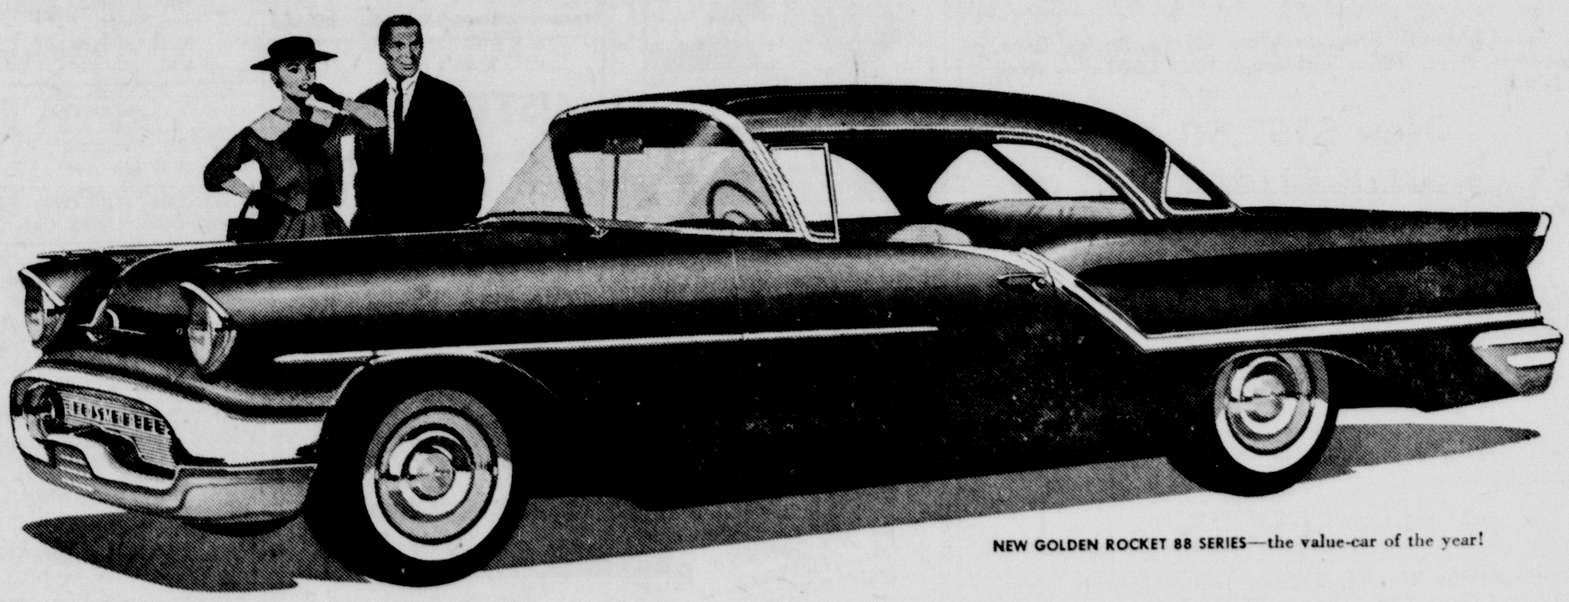

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Canyon, Texas, this the 22nd day of October, A. D. 1956.

Thanksgiving Supper Plans of Jowell Club

The Jowell Home Demonstration Club met on Nov. 7 with Mrs. F. E. Culp. After the regular business meeting, the club planned a community Thanksgiving supper to be held at Jowell school on Nov. 15. Each family is asked to bring a basket of food which will be spread at 7 p. m.

The next meeting will be Nov. 21 with Mrs. Dietz. Mrs. Mona Hildreth will be with the group at that time, and each member is asked to bring a discarded felt hat.

Refreshments of pumpkin pie and coffee were served to Mrs. Jack Powell, Mrs. T. J. Bonds, Mrs. E. C. Robinson, Mrs. Earl Davis, Mrs. Les Raymond, Mrs. Dietz and the hostess.

Missionary To Speak At Methodist Church

Sunday evening at 7, Mrs. A. F. Reifnyder, nee Viola Williams of Plainview, will speak at the First Methodist Church. She has been a missionary in Peru for 27 years.

Mr. and Mrs. John E. George and A. M. Cunningham spent last weekend in Abilene with Mr. and Mrs. John Petry. They attended the game between West Texas and Hardin-Simmons.

Earl Eugene Peppard of Oklahoma spent the weekend with his parents, Mr. and Mrs. Gene Peppard.

Gratitude

We are deeply and humbly grateful to everyone who assisted us in any way during the serious illness of Silas Hart.

THE SILAS HART FAMILY

CARD OF THANKS

I wish to express my sincere thanks and appreciation to all who sent flowers, cards, gifts, and to all who visited me during my recent illness at Neblett Hospital. Special thanks to the nurses and doctors for their kindness.

Mr. and Mrs. J. C. Curb and family

We are deeply grateful to those who were so kind and thoughtful during the long illness and at the passing of our sister and aunt, Mrs. Mahala Hodges. For the food brought to the house, the lovely flowers and the words of sympathy we thank you.

Serena Bryan
Tom Rogers
Mr. and Mrs. Harney Rogers

Words cannot adequately express our gratitude to those who expressed their sympathy and helpfulness to us so beautifully at the time of our recent sorrow. May God bless you all.

Mr. and Mrs. Bennie Mac Abbott
Mr. and Mrs. Morris Abbott and Sharon
Mr. and Mrs. W. T. Scruggs and family.

Around the Town . .

By MRS. CLYDE W. WARWICK

Loula Grace Erdman has returned from New York City and called to give this recipe for Vinegar Pie. She found this recipe in the Good Housekeeping Cook Book published in 1931 and it has a number of these old recipes. I tried this recipe and like it much better than the other one I published.

2 cups boiling water
¼ cup of vinegar
1 cup sugar
3 tablespoons flour
3 eggs
1 ts. lemon extract
½ ts salt
3 Ts sugar to be used in meringue.

Beat egg yolks, add sugar and flour well mixed to egg yolks, pour boiling water over slowly, stirring constantly. Cook until thick and smooth, add salt, lemon extract, vinegar and butter, pour in baked shell. Use egg whites and 3 Ts sugar for meringue.

Miss Erdman has a story published in the November issue of Red Book, "Decision For Three," which is, I think, the best story she has ever written. Since it bears on Amendment 4 all teachers will enjoy reading it.

☆ ☆

Sarah Thompson attended the State Classroom Teachers Conference in Austin Nov. 10. Mrs. Joe Findley is president of the Canyon Classroom Teachers organization. Miss Thompson served as a discussion leader for the science section meeting in Austin, and among other things said this about science in child development, "In considering the role of science in child development, we know that science has for many years had a tremendous impact on our culture. We are living in 'the scientific age,' The possibilities for changing and challenging the lives of our children are greater than ever before if we as teachers in the elementary school give science its true perspective. Science is everywhere children are. It is there in what often seems commonplace to us and here is our challenge.

"A commonplace life we say as we sigh, but why should we sigh as we say, The commonplace sun in the commonplace sky makes up the commonplace day. The moon and the stars are commonplace things, and the flower that blooms; And the bird that sings; But dark our world and sad our lot if the flowers failed and the sun shown not. And God who studies each separate soul out of commonplace lives makes His beautiful whole!"

Miss Thompson shows the different ways of teaching today by giving a different interpretation of Mary's Little Lamb:

"Today if Mary's little lamb should follow her to school; the teacher wouldn't turn him out; It's not against the rule: Instead she'd bring him in the room and call the children near. Each child would get to feel his wool, Might even learn to shear. What children bring to school these days, Is anything they find. You'd really think that Mother Goose was not so far behind, Yes, fish and snakes and tadpoles too, As well as birds and squirrels; Are going to school today Along with boys and girls. They bring in shells and stamps and rocks. They study ants and bees. They learn of health, which foods to eat; Plant seed of beans and peas. Does teacher or pupil enjoy most, This modern way of learning, Where all our children learn the truths Revealed by the season's turning?" Mrs. Barnette.

☆ ☆

Don't pull up those old flowers. Leave them for the birds. It is now the beginning of the great fall migration. Birds, drawn by some mysterious instinct, fly thousands of miles north in the spring and south in the fall. Large birds migrate largely by day, but small birds migrate by night to avoid natural predators.

Consider the birds of the air. They sew not, neither do they spin, yet, Solomon, in all his glory, was not arrayed like one of these. Solomon paid for his clothes, the bird gets his free. Birds fly north in the spring, you sweat, swelter at home. Go south in the winter, while you shiver and sniffle. They build their own house, by 'the do it yourself' plan. No need of a lumberman, plumber, painter, electrician, gas man or brickmason. They pay no installments, rent, insurance or taxes. They cure their own ills, without doctors, dentists, nurses or pills, and they never wear specks, false teeth or wigs. Birds are GIVEN ONE bill and with it they feed themselves and a family each year of their lives. It takes many a bill, EARNED BY THE SWEAT OF HIS BROW, to pay a man's food and the food for one family, let alone bills for church, school, college. Birds teach their own offspring, and there's no P-TA. They've no use for hats, shoes, pianos or bands. The bird learns his music without any teacher and delights everyone with his spontaneous song. Put out some water, not close to a tree so the bird can fly there from the cat. You pay for the water and there's no tree for your child when run down by a car. The cat wants a meal; the car? just careless, indifferent or drunk! The bird doesn't build roads, fly a plane, drive a car, ride a train. He just "flies through the air with the greatest of ease." Goes where, when he pleases. No house to close up, no yard to take care of, no ice box to empty, no milk and no paper to stop. He goes and he stops when he's ready. Yes, all things in life are free, to a bird. Put out some water, let your seeds stay, then stand by your window, let these feathered friends fill your heart with delight with their song and their flight and when you've done that, send some money to children that starve in Korea who lack shelter and clothes, and can't fly where it's warm. The address is CROP National Headquarters, Elkhart, Indiana. The life that you save might stop the next war.

Mr. and Mrs. Thomas Harold Thompson had a very trying experience at their home in Summit, N. J., where Thomas Harold is with the Bell Telephone Company. Mrs. Thompson was taken ill late at night and had to go to the hospital for an emergency operation. They could not get anyone to stay with the baby and could not take the baby to the hospital, so Thomas Harold had to stay home and took care of the baby, while Mrs. Thompson had her operation.

The next morning Thomas Harold phoned home and Mrs. Thompson's mother, Mrs. Earline Moreman, flew at once to help take care of the baby and her daughter. Mrs. Thompson has recovered nicely and will leave the hospital this weekend.

☆ ☆

Mrs. C. J. Stall says to keep those perforated plastic bags that vegetables come in to use for packing things when taking a trip. They are especially nice for packing shoes.

☆ ☆

Dr. Ima Barlow is able to return to her teaching and her mother, Mrs. Ida Barlow, and sister, Mrs. Wayne Somerville, both of Wichita Falls, returned home Monday.

☆ ☆

"To speak evil of no one, to avoid quarreling, to be gentle, and to show perfect courtesy toward all men." —Titus 3:2.

Classroom Teachers Have Social Hour

The Canyon Classroom Teachers met Tuesday in the grade school cafeteria for a dinner and social hour. Hostesses were Mrs. A. B. Holt, Mrs. Mitchell Jones, Mrs. Zula Usery, Mrs. J. B. Roberts, Mrs. Glenn Dowlen, Mrs. Crews Henry and Mrs. Rex Reeves.

The program chairman presented the Chapel Belles who were composed of Wanda Rogers, Janis Wright, Rachel Smith, Joy Gray, Mayla Atkinson and Beverly Henson. Diane Prichard accompanied the girls as they sang several numbers.

Several readings were given by Marilyn Reitz of Perryton, a West Texas State College speech major.

The administrators of the public schools were guests. The next meeting will be held on Dec. 4, when a Christmas program will be presented.

Dr. Mack Speaks On Paris Meeting

Members of the Canyon branch of the American Association of University Women met at a luncheon in the Blue Room of the cafeteria at West Texas State Nov. 3 at 1 p. m. The members of the newly organized chapter in Muleshoe were special guests. The president, Mrs. Costan; the secretary, Miss Byles; Mrs. Rutherford and Mrs. Jones made up the delegation.

After some short reports, the Canyon branch president, Mrs. Dan Sanders, introduced Dr. Ruth Lowes, who presented the speaker of the occasion, Dr. Mattie Swayne Mack, delegate from the Canyon branch to the meeting of the International Federation of University Women in Paris this summer. The IFUW is composed of associations of University women from 48 different countries and represents 171,943 university women. Besides the United States, 13 countries have more than 1,000 members.

Dr. Mack was stimulated and delighted at the programs prepared for the convention. The general theme was International Understanding and its implications in various areas, and almost every speaker emphasized contributions which educated people can make.

One of the most interesting speeches which Dr. Mack discussed was that of the senator from the Philippines, Madame Geronima Pecson. She discussed the ways in which educated people can help in Southeast Asia. She stressed enormous contributions which technical assistants can make.

One of the purposes of the convention was to help the conferees to get acquainted with France. Each visitor chose an interest group, following her own specialty and met several times with it, seeing the French work in the field. The arts, drama, press, radio, mining and architecture were among the fields chosen. Dr. Mack worked with others studying student and teacher programs in various countries.

The French people honored the delegates with exciting entertainment. One reception took place at the Louvre in the Hall of Statuary. Each statue was specially lighted as the group studied it. Another evening was spent on the Seine. As the boats approached historic spots, they were lighted and explanations were given of that spot in French history.

The Macks were housed in the Tunisian villa in the Cite Universitaire. The Cite is a group of national houses for foreign students. The Tunisian house is the newest.

Dr. Mack brought back a feeling of thankfulness toward the French for their preserving of the most exciting beauties of the past for the world. "All countries might benefit from the French enthusiasm for learning," she said. The convention was considered one of the highlights of the Macks' summer abroad.

After study group announcements, the meeting adjourned.

The crafts group is making Christmas cards, meeting frequently, and any member who cares to join may call Mrs. Luther Hagard.

The French class will meet Monday, Nov. 12, at 7 p. m. in the Education Building, Room 205.

The International Relations group will also meet Monday evening at 7:30 with Mrs. Ethel Shaw at 1908 Sixth Avenue. Elizabeth Cox will lead the discussion of the United States in the Suez situation.

NEWS LETTER

FROM CONGRESSMAN WALTER ROGERS OF THE 18TH CONGRESSIONAL DISTRICT

World Issue No. 1

It had not been my intention to devote this week's newsletter to the explosive situation in the Middle East. However, the many and varied views expressed in this country with reference to that trouble spot prompt me to put in my two cents worth.

The entire attention of the world is focused on the baby nation of the world, to wit, Israel — a nation created by the U. N. The U. N. was established for the objective and purpose of furthering world peace. Therefore, it seems strange that the first born of this union of nations should be the trigger that explodes the hopes for world peace in our time.

In the minds of many, these facts standing alone are sufficient upon which to indict the U. N. as a failure. However, we must not act hastily but with the greatest precaution. As in most matters of conflicting views, alternative procedures are available for finally resolving the problem.

One is by physical conflict where the weaker of the conflicting parties is forced by physical violence to submit to the doctrines of the more powerful party, right or wrong. On the other hand, we have the power of reasoning with which God endowed man and no other animal.

It is upon the reasoning processes that democracy as a government must stand. The resort to physical violence without employing the reasoning processes is to do violence to the very basic fundamental principles of democracy.

It would, therefore, appear that the proper course for this country would be to utilize every element of the United Nations Organization to the fullest, before concluding that the U.N. has failed. It is only through discussion and negotiation that conflicting views can be reconciled and that the hopes of peace can be strengthened.

A resort to physical conflict will not only fail to provide any solution to the proper difficulties and problems, but will multiply them many times and, in fact, could be the forerunner to the destruction of our civilization for all practical purposes.

The widely divergent editorial views of the newspapers all over this country point up the fact that the American people should be quickly and thoroughly advised and briefed on the tenseness of the Middle East situation as it has obviously existed for some time. These facts should have been made known to the American people and to the Congress while they were developing, and certainly since the situation has now erupted there is no excuse for withholding the facts further.

Few people in this nation knew that the seizure of the Suez Canal had been anticipated for more than four months before the actual seizure by Nasser. In fact, departments of this government discussed, prior to the actual seizure, plans as to how to transport the oil after the seizure had taken place. None of this was known outside of the executive branch of the government and the departments involved.

Yet many feel that the Suez difficulties are the motivating force that caused the hostilities in the Middle East, rather than the reasons given by Israel for her advance into Egypt.

The reasoning being that although Britain and France reluctantly acquiesced in the decision that force should not be used against Egypt at the time of the Canal seizure, they did not agree with such conclusion and immediately thereafter began efforts to induce Israel to act on the theory that such a move by Israel would provide an excuse for Britain and France to move troops into the Suez area, which they wanted to do in the first place and intended to do all the time.

It is my thought that if the American people had been kept abreast of the matters as they developed in the Middle East, the present situation would have been avoided. It is true that Britain and France did not tell this government what they intended to do in connection with the Israel move, but it would appear that our Central Intelligence Agency which has been so widely advertised would have been able to get together some information as to what Britain and France intended to do, especially since they are listed as our allies.

Perhaps we need an agonizing reappraisal of the manner in which our foreign affairs are being conducted, especially as to the coordination between the State Department and several other agencies such as the CIA that could be most helpful. Certainly we must have this reappraisal if the time has come that we must watch not only our enemies, but our allies.

I can well appreciate the position of Britain and France in wanting to protect their own particular interests in so far as the Suez area is concerned. However, I cannot escape the obvious conclusion that their recent actions could serve only for temporary purposes rather than help in the permanent solution of the difficult problem.

Such action could well commence a series of events that could result in a conflict to the death between those human beings who have white skin and those of color. A conflict that has been predicted many times in our past history.

Let us all hope that history will record our generation as having contributed measurably to resolving the differences from which such a conflict could flow, rather than contributing to the physical violence that would sorely retard, if not completely destroy, the further advance of man.

Buy, Build, Live in Canyon!

Panhandle Beaver

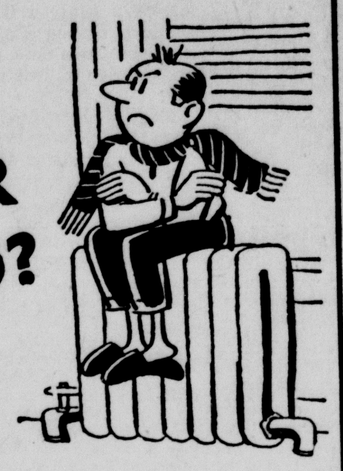

Trapped alive by Game Warden Woody Pond, this beaver and a female are being mounted for a diorama being prepared for the Panhandle-Plains Historical Museum by Clarence Kincaid, curator of exhibits. Unusually large, the male weighed about 45 pounds. The two lived on Spring Creek, just under Canyon Hill, on Arch Hunsley's land. The beaver are being mounted by L. E. Sims.

For a short period from 1835 to 1837 the United States government was out of debt.

Benjamin Franklin invented bifocal glasses.

The Most Sweeping Change OF ALL!

In NEW YORK—People going places are going Pontiac!

Pontiac Has It— in the Surprise Package of '57

Like surprises? You've got one coming in Pontiac for '57! It's completely new . . . from power to personality . . . so advanced it's handed the industry a whole fresh set of styling and engineering ideas!

Here's where you'll find all the big-time changes in looks, ride, handling, performance. There's an exciting new expression of vigor, alertness and luxury in styling. There's a new ease and confidence at the wheel as you pilot the greatest V-8 ever developed—a power plant that tops even last year's Strato-Streak which set 50 world records and bested all eights in miles per gallon!

And to prove it all, every feature of this great car has been perfected in the world's most exhausting road test—the 100,000-Mile Marathon Run!

No wonder they're calling this '57 Pontiac the Surprise Package of the Year! Come in and look it over. Drive it. You'll know in a single mile that you're driving America's No. 1 Road Car!

OVER 6 DOZEN "FIRSTS" INCLUDING...

Star Flight Body Design—*a Pontiac Exclusive—longer and lower than ever before—'57's most distinctive styling.*

New Interior Styling—the "Off-the-Shoulder" Look—*a fashion "first" for '57—perfectly color-matched with the exterior.*

New Strato-Streak V-8 Engine—*270 h.p. in Star Chief and Super Chief, 252 h.p. in the Chieftain when teamed with Strato-Flight Hydra-Matic, an extra-cost option.*

Cloud-Soft Level-Line Ride—*the ride sensation of the year—a new suspension system based on a big, road-hugging 124- or 122-inch wheelbase.*

3 Popular-Priced Series • Star Chief • Super Chief • Chieftain

Play - -

(Continued from Page 1)

Some of WT's best talent with B.I.T. experience was selected by the director for his first show in nearly two years. Moore has been on leave of absence for advanced study at Yale and the University of Michigan.

Playing the title role made familiar by Clifton Webb in the play's movie version, will be Dean Kelley, Amarillo senior. He will be assisted by Eddie Thomas and Betty Barnard, both of Amarillo, as the producer-actress team who have no time for children.

Playing Item, a baby angel sent to earth to become the couple's child, is Janelle Mundy of Kress, who began her WT stage career in Summer Theatre productions. Other B.I.T. veterans given roles include Bill Smith of Amarillo, Verdi Knox of Canyon, Elizabeth Taylor of Amarillo, and Barbara Flathers Harr of Perryton.

Others with roles are Bill Graham of Amarillo, Cavin Webb of Lelia Lake, Ted Conrad of Nazareth, Deanna Stout of Artesia, N. M., and Billy Hodgson of Friona.

Story revolves around the action of the angel Charles, who was sent to earth to bring back the baby angel who has waited too long to be born. Charles remains, however, to try to bring about some action, becoming a cowboy, Slim. His endeavors to make the couple aware of their desire for children form the bulk of the play.

Film Shown FHA On Civil Defense

R. B. Chapman, safety engineer for Pantex Ordnance of Amarillo, spoke to the Canyon High FHA Chapter on Civil Defense. He presented a film on the use of Civil Defense during disaster. He had attended the atomic tests in Nevada and reviewed what he observed there.

Mary Gladys Marshall presided over the business meeting. Marcus Robinson, chairman of Girl of the Month, recommended that the group use the following for a basis for selection: the FHA girl must have an 85 average or better, be active in FHA, be present at the meeting when elected and be a good citizen at school, home and community.

Beverly Henson was selected as the October FHA Girl of the Month.

Joyce Hill Circle Met with Mrs. Mathis

The Joyce Hill circle of WSCS of the First Methodist Church met with Mrs. David Mathis Tuesday morning. Coffee and rolls were served to 11 members as they arrived.

Mrs. E. M. Myers was elected circle chairman. Mrs. Mathis was in charge of the program. Mrs. Bob Bellah gave the devotional and Mrs. C. V. Wilkerson discussed Thanksgiving. Mrs. E. C. Penick recited the Psalm 100. The meeting was closed with a prayer circle.

Meeting - -

(Continued from Page 1)

you should have a meeting of minds and be sure that's what you want. It would be awfully hard to ever get the agreement back."

At another point in the meeting, Smith and the ctiy commission pointed out that the city had requested the state take over maintenance of Fourth Avenue and designate it as a state highway.

Charles Graham asked how hard it would be to transfer Highway 217 from Fourth to Third. Bellah said the problem is "too big for a hasty decision."

Dr. W. J. Wooten Jr. asked Smith, "Do you think the department would make a move to Third?" Smith answered, "I think they would entertain the idea and study it before making a decision."

Crosby said that in 1944, when the first municipal agreement was signed, "we wanted all the people in town we could get. We're changing fast. It served its purpose at that time."

Riley Troth told the group that parallel parking has become a sore spot. "As to what happened in the past, I don't think we should be bound by it."

Campbell asked if the highway could be moved from Fourth to Fifth. Smith said such a move would cause considerable opposition. "People don't like highways down residential streets," he said.

R. B. Allen asked if taking Fourth off the state's maintenance rolls would also make the city take over maintenance on 23rd Street.

Smith said both highways are in the same agreement, but "I don't believe we would drop maintenance on 87 even if you asked us. The only thing I believe would be affected (by the city taking over maintenance of Fourth) would be the future." He said the department would most likely refuse any aid in widening or rehabilitating Fourth if the city took over maintenance now.

Mayor Foster asked if there is any answer to parking problems acceptable to the department except parallel parking. Smith said the only answer is offstreet parking.

Roland Black asked, "If the city takes over maintenance of Fourth, would the city commission authorize angle parking?"

Commissioner Bellah said, "We wouldn't take it over without a reason."

Commissioner Bellah said the city should be thinking ahead. "What about a widening job. I think we should be asking the highway department to give us more instead of asking to take something back," he said.

Dr. Wooten said the question to be answered is, "Does the maintenance performed by the state offset the loss of revenue by requiring parallel parking?"

Commissioner Lindsey said, "This meeting tonight is 10 years behind. I don't think angle parking is a drop in the bucket as compared to our parking problem. We, as businessmen, have got to handle our own parking problem. Let's hope we're not as far behind in our thinking 10 years from now.

"I think we ought to get busy and work on our parking problem and I don't think it's the business of the taxpayers to provide parking for individual businesses," he said.

The commissioner said the safety hazard created by angle parking is his main objection.

Crosby asked if the city commission would be willing to put the question of parallel parking to a vote.

Lindsey answered, "I think it's unwieldy. I don't think we should go to the expense of holding a special election. When you elect a city commission you expect them to do the best thing for all the people. I'm not going to do something for my business that is not the best thing for all the people and I'm not going to do something for your business that is not the best thing for all the people. If we're not doing the best thing for all the people, then elect someone who will at the next election."

Troth said, "Our problem is to create more parking. I propose that we put angle parking everywhere and if it becomes a safety problem, I'll be the first to work for parallel parking."

Commissioner Lindsey asked, "Would we have to kill someone before we find out it's not safe?"

Crosby suggested that if parallel parking is the best thing, it should be required all over the city and not just on Fourth Avenue.

Mrs. G. B. Bowman and Mrs. Sarah Bunch of Fort Worth visited their brother, Mr. and Mrs. J. W. Spencer, last week. All were in Alvord last Sunday visiting relatives.

Mr. and Mrs. Ray Fullerton and Mrs. Nora Murphy spent Sunday in Panhandle visiting relatives.

Dalhart - -

(Continued from Page 1)

Their district record is two losses and two wins. Dalhart has scored 150 points to 171 for their opponents.

In District 1-AA play, Dalhart beat Muleshoe 20-7 and Tulia 32-13. They lost to Dimmitt by 26-13 and Olton 26-6. During the rest of the season, they tied with Lefors, 13-13, lost to Guymon 33-13, Tucumcari, 14-6, and Perryton, 33-0. They beat Clayton 47-6.

A special bus for Eagle fans will make the trip to Dalhart if enough tickets are sold. Some 29 passengers are needed, and 18 tickets had been sold Tuesday night. Roundtrip fare is $3.50, and the bus will leave at 5:30 p. m. from The Pharmacy. Tickets are on sale there, at Johnnie's Service Station and Griffin's Truck Stop.

Dalhart's leading scorer is Gary Finch, 150-pound left halfback. Finch has scored 11 touchdowns, three of which have been on passes. He is trailed by Ray Suddarth, 155-pound right half, with four touchdowns and Ronnie Ledbetter, 150-pound quarterback, with four. Ledbetter has thrown four touchdown passes.

The Dalhart backfield averages 152 pounds and the line averages 166 pounds.

If the Eagles beat Dalhart, Canyon will be the outright winner of District 1-AA. If Dalhart wins, and Olton wins over Dimmitt, Olton and Canyon will be tied for district, but Canyon will represent the district in the playoff.

Canyon tied Phillips for district in 1950, but has not been the outright district champion since 1931, according to records at the high school.

"We've had a policy all year of taking the games one at a time and we hope the fans will let us take this one that way," Coach Harrison said.

The Dalhart Lions Club is sponsoring a chili dinner before the game in the Dalhart High School Cafeteria. The menu will include a choice of chili or tuna casserole, coffee and pie. Prices are $1 for adults and 50 cents for children 12 and under.

Mrs. Dunn Hostess Mother-in-Law Club

The Canyon Mother-in-Law Club met Nov. 8 with Mrs. C. W. Dunn for a covered dish luncheon. Mrs. G. W. Cox presided at the business meeting. The group opened the meeting with their theme song, "Silver Threads Among the Gold." Mrs. Pearl Bowman gave the devotion using the story of Moses and his mother. Mrs. G. B. Combs gave the prayer.

The group voted to send two quilts to Girlstown at Whiteface for their Christmas projects.

Visitors present were Mrs. W. J. Emerson and Mrs. Laura Duckworth. Members present were Mrs. E. C. Hawes, Mrs. Edna Jennings, Mrs. Combs, Mrs. W. G. Rose, Mrs. Cox, Mrs. W. I. Wester, Mrs. Bowman, Mrs. N. A. Croson, Mrs. Isabelle Dickinson, Mrs. W. J. Stewart, Mrs. T. V. Slack, Mrs. Ed Gidden, Mrs. R. D. Lowry, Mrs. Pennie Cox, Mrs. Myrtle Stratton, Mrs. Mary Burtz, and Mrs. T. T. Fain.

Clyde W. Warwick underwent surgery in Amarillo Tuesday morning. At last report he was resting well.

Crusaders Class Plans Christmas Dinner

The Crusaders Class of the First Methodist Church is planning its annual Christmas dinner for Friday, Dec. 14.

The dinner will be served in Fellowship Hall of the Methodist Church between 6-8 p. m. Tickets will be $1.00 for adults and 50 cents for children. The money will be used to provide assistance for needy families.

Mrs. Elise Goodman of Loveland, Colo., is visiting in the home of her son, A. K. Goodman.

A new, easy, low-cost way to fatten hogs— Purina Pig Parlors

Purina Pig Parlors are designed to hold 50 feeder pigs, of 40 to 70 lbs., until they reach market weight. Parlors consist of a sloping concrete floor, fencing, a roof, three automatic waterers and a 10 to 16 hole self-feeder. That's all! Can be built for about $400. Has many advantages over other feeding methods:

1. Easy to operate—little labor.
2. Easy to keep records.
3. Small investment.
4. Fast turnover of investment.
5. Regular cash crop.
6. High daily gains.
7. Few disease problems.
8. Produces a quality hog fast—and at low cost.

This is the modern way to raise hogs. You buy your hogs, put 'em in the Parlor, give 'em plenty of a good Purina ration and fresh water—then stand back and WATCH 'EM GROW! Almost before you know it you'll have a trailer load of sleek, fat hogs ready for market.

On a $17 hog market you should make from $5 to $8 per hog on the Purina Plan.

COME SEE US. Let us tell you more about Purina Pig Parlors. We have plans to show you how to build your parlor step-by-step. We can help you in locating pigs at the right price, too. Be among the first in this community to have Purina Pig Parlors.

Visualiner Operator

J. D. Shapley, who came to Canyon from Guymon, Okla., has specialized in front end work for 12 years. He operates the Visualiner front end machine at Truitt-Townsend Motor Company.

The Machine That Keeps Rubber On Your Wheels

You save tires with a Visualiner check-up! You're wasting expensive rubber in every mile you drive with wheels that are out of alignment. Our Visualiner, because it magnifies alignment faults 8 or more times, permits us to make corrections that are accurate to a hair's breadth. Best of all, you can see a graphic picture of your alignment condition before, during and after correction . . . you KNOW that it's right. Save rubber and add to your safety and comfort by spending a few minutes in our shop for a Visualiner check.

VISUALINER STEERING SERVICE MEANS MORE TIRE MILEAGE

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Good news from Gov. Allan Shivers.

Texas' Governor reports that the State will begin the new biennium with a $50,000,000 surplus. He also advised the Texas Research League, to whom he made the announcement, that under the same general budget now in use, a tax bill might be avoided by the upcoming legislature.

Four future needs were listed by the retiring governor, for the Legislature's consideration.

1. Full-time paid parole supervisors.
2. Authority to back up responsibilities placed on the governor.
3. Abolition of earmarked special funds.
4. A building for housing state archives.

Austin's biggest spotlight will, of couse, be turned on the Capitol building come January. Arrival of a new Legislature will quicken the tempo of the city. Large turnovers in the summer primaries mean a horde of newcomers to both houses.

Crusade for Archives

Legislators will hear many pleas for a "permanent and proper home" for Texas archives.

Group after group has joined the crusade to protect the state's historical documents. Their theme: a remote Quonset hut is no fitting place to house the original Texas Declaration of Independence and William B. Travis' famous "victory or death" letter from the Alamo.

Besides being unhandy and unsuitable, say the crusaders, the hut is unsafe. It's the same building where Highway Department records burned two years ago. It's leaky, and some water already has seeped in and damaged some documents.

Texas State Historical Foundation is taking the lead in rallying its 1,400 members and other tradition-minded groups to seek legislative action.

Water Money Sought

Texas Water Resources Committee is working against time to have a statewide water conservation program ready for the next Legislature.

Already approved by the committee is a proposed $10,000,000 appropriation to buy storage space in federal reservoirs.

Three other proposals are being re-written and will be taken up at a December meeting. They are 1) an anti-pollution bill to deal with contamination of underground water supplies, 2) a constitutional amendment to set up a $100,000,000 bond fund to finance local conservation projects and 3) an enabling bill to finance the bond revenue.

Also still being considered is a three-cent property tax with proceeds marked for water conservation. Some observers have suggested that several plans operating all at once will be needed to finance the kind of water program Texas needs. Texas League of Municipalities is backing a $300,000,000 program.

Sam Houston Shrine

Another request of the Legislature, this one from Huntsville, will be laid before both houses in Austin, come January. Asked for will be $82,000 to add three new wings to the Sam Houston Memorial Museum, plus a $3,000 appropriation increase for maintenance.

Gas Pricing Formula

Atty. Gen. John Ben Shepperd has filed a "friend of the court" brief in the case of Panhandle Eastern Pipeline Co. vs. The City of Detroit. He wants the U. S. Supreme Court to review a decision by the court of appeals for the District of Columbia.

Shepperd's complaint is that the appeals court decision compels the FPC to use a gas pricing formula that penalizes small producers. "The Federal Government should not have the power to fix Texas natural gas prices," Shepperd contended, "but if they assert that power, then the FPC should determine local prices on a local basis."

Christmas is White Hope

Despite a steady four-months sales decline, Texas merchants still think Christmas will cure the year's average.

Opinion surveys by the University of Texas Bureau of Business Research show that "typical merchants are confident that holiday business will surpass 1955 and that satisfactory volume can be expected well into 1957."

Latest figures pointed the other way. September sales were down 12 percent from a year ago, and the year as a whole was 6 per cent under 1955. Slipping significantly from last year were automobiles, 28 per cent; food stores, 18 per cent; furniture, 13 per cent; building materials, 13 per cent.

Bureau explanation in a nutshell: People bought so heavily in '55, they're having to use '56 income to pay off the installments.

Farmers at Work

Widespread rains, though generally light, put farmers to work day and night. It was a chance to get winter crops in before the soil dried out again. But it wasn't soon enough, say agriculture experts, to prevent a hard winter for livestock owners.

"It's pretty late in the year for enough winter grazing to be produced . . . herds will require heavy supplemental feeding," said a spokesman for the Texas Agritural Extension Service. "But with additional moisture, farmers and ranchers can begin their 'comeback' next spring and summer."

Short Snorts

Frank A. Driskill is the new administrative assistant to Land Commr. Earl Rudder. Driskill, a Crockett businessman, succeeds Douglas Weitzel who went to Longview as an investigator in the district attorney's office.

Texas contributions of $5,000 have been sent to Europe to help feed refugees in Hungary, according to John Gillies, Texas Director of the Christian Rural Overseas Program.

Request has gone to Washington for approval of 1957 Texas cotton acreage allotments, the Texas Agricultural Stabilization and Conservation Committee has announced. Figures were not released. West Texas cotton farmers say they will be unable to repay their obligations and make a normal income unless their acreage quotas are increased.

Thanksgiving Dinner Held in Greiner Home

The M.E.H. Sunday School class was entertained with a Thanksgiving dinner in the home of Mrs. Hugh Greiner with Mrs. Ray Fullerton as co-hostess.

The entertaining rooms were decorated with large bronze and small mums. Guests were served turkey and dressing with all the trimmings.

After a short business session, the evening was spent discussing plans for the yearbooks and Christmas party.

Those present were Mrs. Fullerton, Mrs. T. A. Black, Mrs. T. E. Beard, Mrs. Roy Byrd Sr., Mrs. A. K. Goodman, Mrs. Boyce Colwell, Mrs. L. L. Byars, Mrs. Leonard Winters, Mrs. Louis Taylor, Mrs. John Jennings, and Mrs. Greiner.

Married Recently

Mr. and Mrs. Gene Root announce the marriage of their daughter Nancy to Eugene Boston, son of Mr. and Mrs. E. M. Boston. The ceremony was read in the home of the Rev. W. A. Mitchell, pastor of the First Baptist Church in Clovis, N. M., on Nov. 3. Mr. and Mrs. Boston are both 1956 graduates of Canyon High School. Mr. Boston is an A. A. in the U. S. Navy and is at present stationed in Norman, Okla. Mrs. Boston is a student at West Texas State.

Mrs. Davenport Shower Honoree

Mrs. Farrell Davenport, nee Debra McDonald, was honored with a miscellaneous shower Tuesday evening, Nov. 6, in the home of Mrs. Hosea Foster. Co-hostesses were Mrs. Ray McReynolds, Mrs. Leo Cooper, Mrs. Leslie Key, Mrs. Nolon Henson, Mrs. L. M. Cousins, Mrs. J. O. Parker, Mrs. L. F. Brandon, Mrs. Wayland Angel, Mrs. C. W. Samples, Mrs. Gladys Haines and Bertha Matlock.

In the receiving line were Mrs. Foster, Mrs. Alvin McDonald, mother of the bride, Mrs. C. S. Davenport, mother of the bridegroom, and the honoree. The hostesses presented the honoree with a corsage of blue carnations and pompoms and the mothers with corsages of blue and gold carnations.

Laid with a gold-fringed cloth, the tea table was centered with a centerpiece featuring blue carnations with gold decorations and gold candles. Mrs. H. R. Fulton Jr. and Mrs. Grady Pearson presided at the punch service. Mrs. Edgar Robinson, sister of the bridegroom, registered the guests.

Approximately 160 guests were registered or sent gifts during the receiving hours.

Mr. and Mrs. Jim Carter and Gwen spent last weekend in Dallas visiting Mr. and Mrs. Paul Davidson.

First of GMC's Blue Chip Money-Makers for '57: Pound for pound, it's...

the most powerful truck ever built!

New GMC light duties with 206 h.p. and new styling advances bow to no passenger car on any point of roadability

HERE, headlining GMC's 1957 Blue Chip Money-Makers, our new light duty becomes a truly phenomenal vehicle.

It has one horsepower for every 15½ pounds of its weight.

You'll be bossing around engine power usually found only in trucks rated at *more than four times* this truck's capacity.

You'll be getting flashing response to pedal demand—high-mileage efficiency from an unstraining engine—work capacity that won't drop off after a few months.

And you'll be very definitely in pocket, too. THIS light-duty engine cannot be overtaxed in normal use. So there's little chance of parts failure, no excessive wear, or repair needs due to engine strain.

If money-making power is what you want, here it is! Come in and see us for all the facts.

Crannell Tolliver To Speak at TU

Dr. Crannell Tolliver, head of the West Texas State College speech department, has been invited by the University of Texas Speech department to conduct a series of lectures Nov. 19-20. He will speak to faculty and students in six lectures.

He will also head conferences with graduate students and staff members. Dr. Tolliver is one of a group of speech professors from throughout the nation to participate in the program in Austin.

Previous speakers have included Dr. Harlan Bloomer of the University of Michigan, Dr. Raymond Carhart of Northwestern, Dr. Orville Hitchcock of the University of Iowa, Dr. Magdalene Kramer of Columbia, and Dr. W. Norwood Brigance of Wabash College.

Dr. Tolliver's lecture topics will be "The Semantic Aspects of Speech," "The Speech Needs of Public School Teachers," "A New Concept of Parliamentary Procedure," "Communication Problems in Business and Industry," "Problems in Teaching of Speech," and "Modern Trends in Graduate Research."

Karolyn Keith Heads Honorary ROTC

Miss Karolyn Keith, a junior from Denver City, has been elected Honorary Colonel and regimental sponsor of the West Texas State College Reserve Officers' Training Corps unit.

Chosen battalion sponsors and honorary lieutenant colonels were Miss Gladys Parkey of Floydada and Miss Betty Kay Gibbs of Canyon. The three, along with four company sponsors yet to be chosen, will be presented at a special drill and at the annual Military Ball next spring.

The three were selected by a "penny vote" ballot, and will be replaced Thursday by three additional company nominees. Other girls in the race for company sponsors are Charmaine Brown of Dumas, Melba Williams of Plainview, Sharon Harrison of Memphis, Donna McLaughlin of Lubbock, Sammye Norman of Amarillo, Jeanette Faulkenberry of Seagraves, Rosemary McDonald of Lockney, Jo Ann Mickey of Canyon, Johnnie Davis of Pecos, and Sydney Jones of Borger.

ORDINANCE NO. 183

AN ORDINANCE GOVERNING THE SALE OF BULK WATER, ESTABLISHING BULK WATER RATES, PROHIBITING UNAUTHORIZED PERSONS FROM OPENING FIRE HYDRANTS, PRESCRIBING PENALTIES, AND DECLARING AN EMERGENCY.

Section 4. Any person violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not exceeding $200.00. 32t1

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

The Board of Supervisors of the Randall-Potter Soil Conservation District held their regular meeting in the Randall County Court House Tuesday, Nov. 6. Present at the meeting were J. W. Spencer, Marshall Rockwell Jr., Frank Begert, C. V. Conatser and Joe Batson, Work Unit Conservationist S.C.S.

The board approved Farmer-District Cooperative Agreements with the following farmers: Luther E. Mason, J. T. Goettsch, J. C. Stone, C. R. Nester, Lonnie L. Byars, Calvin Casey, Wilhelm Bauer, Albert Byars, John J. Boling, Billy R. Boling, L. T. Campbell, Kate Michaelias, Sam Whitfield and Homer Kinsey. These farmers agreed to cooperate with the district on a soil and water conservation program for their farms. Farmers wishing to cooperate with the district should contact the district supervisors or the Work Unit Conservationist S.C.S.

The meeting time of the board has been changed from 8 to 7 p. m. the first Tuesday of each month. Interested persons are invited to attend these meetings.

"We can use a lot of the capital and the labor we have in every community to put complete soil and water-use programs in effect on individual farms . . . Soil conservation and the kind of farming that goes with it are not only right morally, they pay big dividends in dollars and cents." —Chester C. Davis.

Two Seniors Perform At Monday Recital

Two senior music education students will be presented in a recital Monday by the West Texas State College music department. The program, open to the public, will be at 4:30 p. m. in the Administration Building auditorium.

Performing in partial fulfillment for their degrees will be Mrs. Dorothy Pippin of Canyon, violinist, and Gene Merritt of Clovis, N. M., flutist. They will be accompanied by Joanne Hill of Borger and Charlotte Lowe of Pampa.

Mrs. Pippin has selected the "Allegro" movement of Bach's "Concerto in E," Couperin's "La Precieuse," and Matthewson's "Siciliene."

Merritt will play the four-movement "Sonata in F" by Marcello, "Pastorale" by Sieber, and "Airs de Ballet" by St. Saens.

Mr. and Mrs. C. A. Davis of Shamrock visited Sunday in the A. B. Berry home. Mrs. Berry and Mrs. Davis are sisters.

Award Winners

Mrs. H. R. Fulton Jr., left, president of the Junior Woman's Book Club, presents award checks to Virginia Crounse and Annelle Dugan for essays on safety they had written. The essays were written for a contest sponsored by the club. Miss Crounse was the junior high school winner and Miss Dugan was the high school winner.

Wayside News

Rev. Joe Leatherwood filled his regular appointment Sunday.

Mrs. Leroy Roberts, Mrs. John Culwell and Mrs. Guy Watson attended the Plainview WSCS district meeting at Oklahoma Lane last Thursday.

The Home Demonstration Club women have been studying court procedure and as a result are having a mock trial at the school house Thursday night. Everyone is invited to attend.

Mrs. Melton McGehee attended the Texas Home Demonstration executive meeting at College Station the frist part of the week. She also visited her mother at Dublin while she was away.

Mrs. Doreen Modisette, Fay and Mrs. Robert Adams were Happy callers Thursday.

Mr. and Mrs. R. H. Abbott of near Denver, Colo., visited home folks last weekend. They left Monday for Rosita, Coahuila, Mexico. Mr. Abbott is a chemical engineer employed by the Colorado Iron Mines. He will make furnaces for the Mexican Zinc Co. They expect to be in Mexico for two months.

Mr. and Mrs. W. R. Stockett were business callers in Claude Wednesday.

W. R. Franklin received word that his brother Grady, of Olton, is sick.

Roy Franklin and son, Roy Jr., of Canyon, were callers in the W. R. Franklin home Saturday. Roy was helping his dad work on his car.

ORDINANCE NO. 184

AN ORDINANCE OF THE CITY OF CANYON, TEXAS, AMENDING ORDINANCE NO. 109 AND ITEM 2 TO SECTION IX.

WHEREAS, The Zoning Commission has recommended that item 2 as set out below be added to Section IX of Ordinance 109, and WHEREAS, after due notice was given and no protest was filed with the City Secretary, it now appears to this Commission that the amendment is in order.

BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF CANYON:

Section 1. That Section IX, Special Provisions in Ordinance No. 109, be amended to read in addition to the original content.

That one story private garages, that are detached from the dwelling unit, be allowed to be built along the property line so long as the eaves of the garage do not project over the property line and so long as the garage is separated from the dwelling unit by a minimum distance of 10 feet. And that this provision shall apply to the residential or dwelling zone as is set out in Ordinance No. 109. 32t1

Lt. Col. Lindsey At ROTC Meeting

Lt. Col. Edward L. Lindsey, professor of military science and tactics at West Texas State College, is attending a conference this week at Fort Sam Houston in San Antonio.

The conference is held annually for Reserve Officers' Training Corps unit commanders throughout the Fourth Army area. The meeting opens Tuesday and closes Friday.

Town and Country Has Mexican Dinner

The Town and Country Club met Nov. 8 in the home of Mr. and Mrs. Jack Foster for a Mexican dinner.

Those attending and playing 88 were Mr. and Mrs. Arthur Olson, Mr. and Mrs. John Jennings, Mr. and Mrs. John Cook, Mr. and Mrs. Albert Byars, Mr. and Mrs. Glen Costley, Mr. and Mrs. T. H. Lair, Mr. and Mrs. Ed Reynolds and Mr. and Mrs. H. W. Burrus.

A Sport Reports

By DICK KRANZ

The football season comes to an end for five of the six members of District 1-AA this Friday. Canyon's Eagles, taking a vital 41-13 decision over Olton, cinched at least a tie and even if Dalhart should upset the Big Birds, coach Guy Harrison's team would advance to the bi-district.

Olton is the only team which could tie Canyon. If the Eagles lost to Dalhart, which doesn't figure but is possible, and Olton defeats Dimmitt, both would finish with 4-1 district records. But since Canyon whipped Olton, the Eagles would advance to the playoffs.

It would be a startling upset if Dalhart derailed Canyon. The Eagles have too much power for the Wolves.

With the district race settled, the only battle remaining is for individual scoring honors between Harlie Adams and Don Britain both of Canyon. Each made three touchdowns in the win over Olton.

Adams has hit touchdown lane 18 times for 108 points and Britain has made 102 points on 15 touchdowns and 12 extra points. Teddy Jack Estes of Olton is third with 78 points. Charles Neblett of Canyon, who started booting extra points midway in the season, tops the district in that department with 18 conversions. He kicked five of six tries Friday night.

Muleshoe, the most unpredictable team in the district this season, caused a mild surprise by clipping Dimmitt, 12-0.

★ ★ ★

Picks for the final regular season games in District 1-AA: Canyon over Dalhart; Olton over Dimmitt; Muleshoe over Tulia.

What puts the Mark of Tomorrow in the new kind of FORD?

"Six or V-8, the going is great!"

Here's what puts the Mark of Tomorrow in the new kind of Ford!

It's the sculptured look. You'll see it the moment you let your eyes wander over this fine car. In a '57 Ford you belong . . . anywhere.

It's the long, lean lines. There's a greyhound grace to the new Ford. No useless "fat," no showy "padding." Ford is as trim as a jet fighter.

It's the hardtop styling. Fairlane sedans have the hardtop look of Victorias! Superthin center pillars are smartly concealed to give hardtop beauty when doors are closed.

It's the freedom of choice. Colors? Fabrics? Accessories? Far more! Ford gives you a choice of two new, bigger sizes . . . longer, lower, roomier!

It's the ride that stays gentle. With a new frame that rides sweeter and lower, new springs, new suspension all around, even the rudest roads can't ruffle the poise of the new Ford.

It's the Thunderbird power. Ford celebrates its Silver Anniversary of V-8 leadership with the biggest selection of V-8's in Ford history.* In addition to all this Thunderbird GO, there's a new and more powerful Mileage Maker Six.

Just looking at this Fairlane Club Sedan is a special kind of *fun!*

It's the record-breaking performance. On the Salt Flats at Bonneville, Utah, a '57 Ford traveled 50,000 miles in less than 20 days . . . an average speed of 108.16 mph, *including all pit stops!* Another Ford averaged over 107 mph. Altogether, 458 national and international performance records were smashed as Ford rewrote the record book.

It's the big dollar value that lasts and lasts. Styled for tomorrow, a new Ford keeps its value longer. And wonder of wonders, all this extra strength, extra beauty, extra length is yours at low Ford prices!

*Included is a special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, an extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

Wise man say:
"Don't wait for TOMORROW when you can get it today!"

'57 FORD

See it . . . drive it . . . now!
